प्रिय छात्र के माता-पिता,

नमस्कार

आप सभी जानते हैं कि व्यवहार व अनुशासन की सफलता में अहम भूमिका होती है अतः आपका अनुभव है कि आप निम्न बातों पर ध्यान दें-

1. छात्र की एक दिनचर्या बनाएं व उसका अनुसरण करवाएं।
2. छात्र को उचित व्यवहार व अनुशासन सिखाएं।
3. ध्यान रहे कि 'सीखना' एक निरन्तर चलने वाली प्रक्रिया है।
4. व्यवहार एक 'Skill' है। अतः हर Skill की तरह यह भी दोहराने पर बेहतर होता है। साधारणतया किसी भी को Skill को Optimum स्तर तक पहुँचाने में लगभग एक दशक का समय लगता है। अतः लम्बे समय तक संयम बनाए रखें व सिखाते रहें।
5. नियमित रूप से छात्र के साथ समय बिताएं व उसके दोस्त, पढ़ाई, खेल, अध्यापक, पसन्द, नापसन्द आदि के बारे में बातें कर उचित जानकारी हासिल करें।
6. मास्पीट, डांट फटकार या क्रोध न करें। छात्र को गलतियों पर संयम के साथ उसका उचित मार्गदर्शन करें।
7. कभी भी एक बच्चे की तुलना अन्य किसी से न करें। भिन्नता प्रकृति का नियम है और ये उसकी सुन्दरता है।
8. बच्चे को सदा वास्तविकता ही बताएं। अनावश्यक प्रशंसा व निन्दा समान रूप से हानिकारक है।
9. सदा Positive criticism करें व negative criticism कभी भी न करें।
10. छात्र के साथ शांत, संयमित व गहरे भावनात्मक सम्बन्ध रखें व यथासम्भव कार्यों में आत्मनिर्भर बनाएं। धन्यवाद।

Dear Student's parents,
Namaskar.

I wish you and your ward a successful future. I hope our co-operation with you in educating your ward will lead him to an exciting life ahead. We request you to follow below written suggestions :-

1. Make your ward follow a daily schedule for everyday activities.
2. Be considerate about child's proper behaviour & personality.
3. Proper learning requires revisions. So please be persistent in your behaviour teachings.
4. Behaviour is a skill, it takes a long time to reach maturity.
5. Behaviour learning may even take a decade to reach optimum level. So be patient.
6. Avoid punishments for your ward. Repeatedly instruct and guide him on his mistakes.
7. Everyone is unique in the world. So don't compare your ward with other students.
8. False praise and criticism both are equally harmful for your ward. Be honest, cool & calm in pointing out shortcomings in the student.
9. Always criticize him positively and never negatively.
10. Maintain cool, calm, composed, honest and intense relations with your ward and don't over protect him.

Thank you.
